

# \$34,000

## CONCEPT TO COMPANY CONTEST

FOR NEW TECHNOLOGY INNOVATIONS

### DETAILS

The Concept to Company competitions are ongoing innovation contests held in various regions across the state of Utah. This contest focuses on new technology innovations. It is open to all Utah-based inventors or small businesses with a new technology product or service idea.

The winning entry will receive up to \$18,000 comprised of cash and services. Additionally, two-runner up winners will receive up to \$8,000 each comprised of cash and services. A panel of industry leaders and executives will judge the entries.

### GENERAL RULES

- \* Innovations must focus on products or services that utilize technology in the invention or business itself, or in the production of the invention or core processes of the business.
- \* Open to individual inventors or small businesses with less than \$5 million in annual revenues and for a production/service they have not yet taken to market (this may include newer versions of existing products/services that are fundamentally different than previous versions). See website for official rules & qualifications.

**SUBMISSION DEADLINE:**  
July 5th- Midnight

**APPLY ONLINE AT:**
